Page 4 of 4

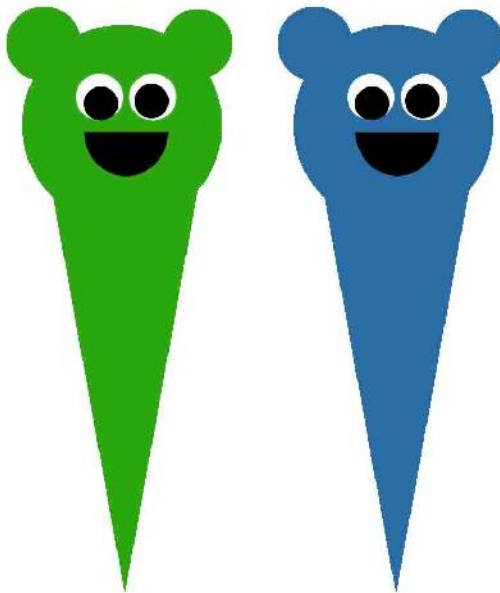

What You Need

1. Two players.
2. One die.
3. All four printouts, cut where shown.
4. Scissors
5. Two pens to keep score.

Printout:

- 1 - Game board
- 2 - Location cards - each player has four location cards to choose from
- 3 - Scorecard
- 4 - Instructions and cut-out bears for game pieces

Gamepieces (cut out)
(or you can use something similar!)

Game Instructions

1. Each player chooses 1 of 4 locations to "hide" the other's honey.
2. Both players place their bear at Start.
3. Younger player goes first.
4. Roll the die and move on your turn.
5. If you land on a clue! the other player must give you a clue. Be sure not to reveal your UNIQUE clue until you need to - it immediately gives away your hiding spot!!!
6. Feel free to fill in the blank non-clue spots with your own fun activity!
e.g. "Let's hear that hungry bear belly!"
e.g. Do 10 jumping jacks!
6. Everyone gets to finish - you do not need an exact number to finish.
7. At the end each player takes a guess at where his/her honey is hidden.

If you take:

- 1 guess: you find your honey bucket full!
- 2 guesses: animals ate 1/2 of your honey
- 3 guesses: animals ate 3/4 of your honey
- 4 guesses: you find just enough honey for a light lunch of honey sandwiches!
